Since 2005, I have been breeding Siberian Huskies together with my partner, Guido Schäfer. Siberian Huskies have been an important part of our lives for many years, and we are also proud to share our home with an Azawakh and, more recently, a Greyhound female.

My first Azawakh was successfully shown at numerous prestigious dog shows throughout Europe, achieving the titles of FCI World Winner, FCI European Winner, and Winner of the Sighthound League of France (SLAG), where she was also awarded Reserve Best in Show. In 2015, my first Azawakh litter was born under the FCI-registered kennel name Pure Elegance.

In 2010, I qualified as a breed specialist judge for the Nordic breeds through the German Club for Nordic Breeds. Over the years, I have continuously expanded my judging qualifications to include breeds that have particularly fascinated and inspired me. Today, I am a breed specialist judge for 50 breeds. In addition, I am qualified to judge the complete FCI Group 2 (Pinscher and Schnauzer – Molossoid and Swiss Mountain and Cattle Dogs), FCI Group 5 (Spitz and Primitive Types), FCI Group 9 (Companion and Toy Dogs) and FCI Group 10 (Sighthounds).

Throughout my judging career, I have had the privilege of officiating at dog shows in numerous European countries, as well as in Australia and Abu Dhabi. One of the highlights of my career was the honour of judging at the FCI World Dog Show in Brno in 2021.

It is a great honour and pleasure to have been invited to judge at your show. I would like to express my sincere gratitude to the Show Committee for placing their trust in me and for their kind invitation. I am very much looking forward to the event and to meeting the exhibitors and their dogs.
